Forecast For Yorkshire & the Humber
Issued by Met Office Exeter
at 1600 on Wednesday 06 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold with wintry showers continuing. Widespread frost overnight.

This Evening and Tonight:
Any remaining showers will die out during the evening, followed by clearer skies and a sharp frost affecting most parts. Perhaps remaining cloudy in the southeast and so a little less cold. Minimum temperature -6 deg C (21 deg F).

Thursday:
Largely sunny but cold through the morning before a fragmented band of rain, sleet and snow moves south during the afternoon and evening, icy in places. Maximum temperature 3 deg C (37 deg F).

Outlook for Friday to Sunday:
Bitterly cold with sunny spells and occasional wintry showers on Friday. Sharp frost and hazy sunshine on Saturday, cloudier later. Less cold on Sunday, cloudy and breezy but mostly dry.
